

## MUTHA GROUP OF INDUSTRIES

### ENVIRONMENT, HEALTH AND SAFETY POLICY

We at MUTHA GROUP are committed to enhance performance and work culture within the organization through sustainable intervention with regards to EHS, for all those that are affected by what we do within the business.

#### To achieve this, we shall focus on –

- Comply with all applicable EH&S laws, regulations and any Approved Codes of Practice to which we subscribe.
- Contribute positively to the communities in which we operate for 'safe and green' way of life.
- Establish and periodically review reasonable and appropriate objectives and targets, Strive for continual improvement
- Prevention of Pollution, injury and ill health by pro-active approach in design and development of eco-friendly products and processes.
- Optimize and conservation of resources.
- Minimize impact on Environment by seeking ways Reduce, Recycle, Recover, Reuse, Reclaim and Eliminate.
- Require Joint and individual responsibility for the safe behavior of ourselves and others; working safely and in an environmentally responsible manner is a condition of employment
